

Comparing Student Performance-Level Scores on State Assessments

Navigation: DataMap > Analysis > Multiple Measures

On the **Multiple Measures** screen, the **Percent Proficient** line chart displays the percentage of students who received a performance-level score of Proficient or higher for the subject, state assessment(s), school year(s), and state test(s) you select.

- 1 In the search panel on the left side of the **Multiple Measures** screen, select a **Subject** in the drop-down list.
- 2 In the **State Assessments** area, in the appropriate multi-select lists, select the checkboxes for the desired **Assessment Types**, **School Years**, and state **Tests**.
- 3 Click **Find**.
- 4 Above the results grid, click

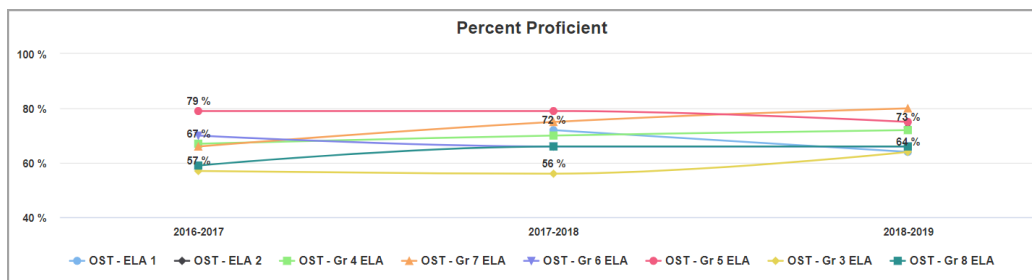

Note: displays only if performance-level scores are available for the criteria you selected.

4

Name	2017-2018 ELA 1				2017-2018 OST				Gr 4 ELA					
	Score	Read Info Text	Read Lit Text	Writing	Score	Read Info Text	Read Lit Text	Writing	Score	Read Info Text	Read Lit Text	Writing	Score	Read I Text
<input type="checkbox"/> Abbott, Laurie														
<input type="checkbox"/> Acosta, Brooke														
<input type="checkbox"/> Adkins, Arpad	731 EL_Prof				723 EL_Prof									
<input type="checkbox"/> Aguilar, Taylen	731 EL_Prof				725 EL_Prof									
<input type="checkbox"/> Allen, Orby														
<input type="checkbox"/> Allison, Wendy														

The **Percent Proficient** line chart displays.

Note: To further narrow the number of students who display in the chart, enter or select additional search criteria in the search panel, and then click **Find**. The graph updates to reflect the additional search criteria you selected.

Note: To view an individual line more clearly, hover your cursor over the line or over the name of the state test associated with the line. All other lines on the graph fade. To exclude a line, below the graph, click the name of the state test associated with the line. The line no longer displays. (You can click the name of the state test a second time to display the line again.)

*see reverse side for more information

5 (Optional) Hover your cursor over a point on the graph to view the following information:

- Name of the state assessment
- Name of the state test
- School year in which the state test was taken
- **Total** – Total number of students who took the state test
- **Passing** – Total number and percentage of students who received a passing performance-level score (Proficient or higher)
- **Adv** – Total number and percentage of students who received a performance-level score of Advanced
- **Acc** – Total number and percentage of students who received a performance-level score of Accelerated
- **Prof** – Total number and percentage of students who received a performance-level score of Proficient
- **Basic** – Total number and percentage of students who received a performance-level score of Basic
- **Lim** – Total number and percentage of students who received a performance-level score of Limited
- **Inv** – Total number and percentage of invalid performance-level scores
