

Importing Google Classroom™ Marks (Traditional/Secondary Classes)

The **Google Classroom Sync** screen can be used to import marks for your traditional/secondary classes. The first time you use Google Classroom Sync, you must select or log in to the desired Google account. You may also need to grant ProgressBook permission to use your Google information.

- 1 On the desired class's **Class Dashboard**, below **Assignments & Marks**, click **Google Classroom Sync**.

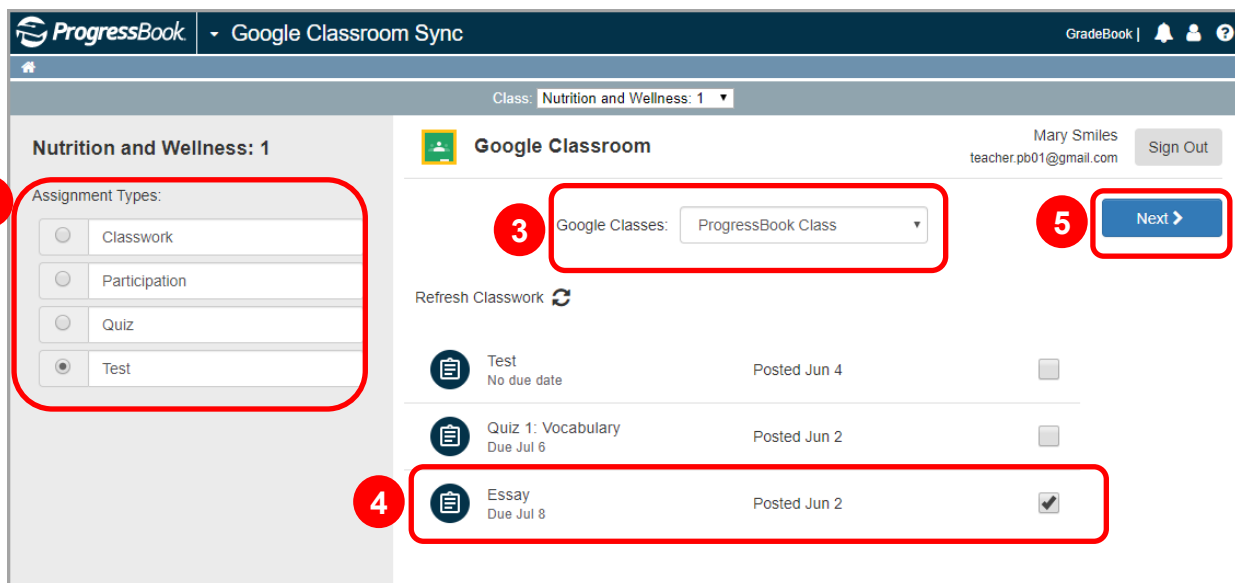

- 2 On the **Google Classroom Sync** screen, in the **Assignment Types** column, select the GradeBook assignment type to which you want to categorize one or more of your Google

- 3 In the **Google Classroom** area, in the **Google Classes** drop-down list, select the desired Google Classroom class.

- 4 Beside the assignments whose marks you want to sync, select the checkbox.

Note: You can click an assignment to display an expanded box that indicates when the assignment was posted in Google Classroom, the number of students who have turned in the assignment, the number of students to whom the assignment was given, and the number of submissions that you have graded.

- 5 Click **Next**.

One or more grids display, showing each assignment that you want to sync, then showing each student's name, their existing GradeBook mark (if any) for the assignment, and the new mark you are importing from Google Classroom.

- 6 (Optional) Deselect the checkbox beside all students whose marks you do NOT want to import. All students are selected by default. You can use the checkbox at the top of the grid to toggle between selecting and deselecting all students.
- 7 (Optional) Enable the **Overwrite existing marks** toggle to overwrite the GradeBook marks with Google marks for all selected students.
- 8 Review all marks for accuracy, and then click **Sync**.
