SpecialServices v22.0.0 Release Notes

This document is an overview of updates in SpecialServices v22.0.0.

Included in this release:

- Enhancements
- Resolved Issues

> **The new Learning Center has launched!** To access this resource, log in to ProgressBook and click **?** (Help icon) in the top-right on any screen.

Enhancements

Documents

- In the **Purpose of Meeting** field, the following values that are available for selection have been revised:

  - **Initial IEP** is now **Initial Plan**.

  - **Review of IEP (Inc. Annual Review)** is now **Review of Plan**.

  This update affects the **Purpose of Meeting** field for all variants of documents related to the following:

  - **Individualized Education Plan** (IEP)

  - **Evaluation Team Report** (ETR)

  - **Written Education Plan** (WEP)

  - **Service Plan** (SP)

  - **Parent Invitation** (PR-02)

  - **Manifestation Determination** (PR-03)

  - **Due Process** (DP)

Existing documents that use the previous value in the **Purpose of Meeting** field will be updated to the new value.

Forms

- For **IEPs**, in the **Meeting Date** field, you must now use the Calendar icon to select the date to ensure dates are in the proper format for EMIS reporting. **You will no longer be able to enter dates manually in the Meeting Date field.**

- On the **Signatures** screen for a new **504 Plan**, you must now select either the **I give permission…** option or the **I do not give permission…** option before the screen can be saved. If one of these options is not selected, a message displays to remind you.

- For **IEPs**, the following date fields must now be completed to ensure they are present for EMIS reporting. If any of these fields is not completed, a message displays to remind you:

  o On the **Cover Page**, the **Meeting Date** field in the **Meeting Information** section

  o In the **IEP Timelines** section, the **IEP Effective Start Date** field and the **IEP Effective End Date** field

- For **IEP, Special Education Events**, the following fields must now be completed to ensure they are present for EMIS reporting. If any of these fields is not completed, a message displays to remind you:

  o **Outcome ID**

  o **Non-Compliance ID**

  o **Secondary Planning** (if applicable)

  o **IEP Test Type**

- For **Transfer IEPs**, the **Cover Page** is now required and cannot be deleted. As with other IEPs, you must now use the Calendar icon to select the date in the **Meeting Date** field to ensure dates are in the proper format for EMIS reporting.

- For **Transfer IEPs**, the **Start Date** field and the **End Date** field must now be completed in the **Special Education Events** section to ensure they are present for EMIS reporting. If either field is not completed, a message displays to remind you.

Resolved Issues

Forms

- (PBSPS-2212) Previously, on the **IEP Summary**, when forms were imported or migrated into SpecialServices from SpecialServices Classic, some **Objectives** and **Benchmarks** that were displayed in all a capital letters in SpecialService Classic were not display in SpecialServices. Now, this has been corrected, and in this scenario, the **Objectives** and **Benchmarks** are displayed correctly on the **IEP Summary** in SpecialServices.

Student Documents

- (PBSPS-2206) Previously, on the **Student Documents>Documents** tab when you used the **Event Date** filter, results included documents without **Event Dates**. Now, when you use the **Event Date** filter, only documents with a saved **Event Date** that falls within the selected date range are displayed. To locate documents that either do not use **Event Dates** or **Open** documents for which an **Event Date** has not yet been saved, you must clear the **Event Date** filter in your filter options.

Student Profile

- (PBSPS-1484, 2227) Previously, if a student belonged to a **Family Group** that included an inactive student, the **Student Profile** screen listed the inactive student in the **Family Group**. Now, inactive students are no longer listed in the **Family Group** section of the **Student Profile** screen.
